FOR WOMEN ONLY PLEASE INITIAL AFTER READING

If you are using oral contraceptives, it is important that you understand that the antibiotics and other medications may interfere with the effectiveness of oral contraceptives. Therefore, you will need to use mechanical forms of birth control for one complete cycle of birth control pills after the course of antibiotics or other medications is completed. Please consult with your physician for further guidance. **INITIALS:** _____

If you are pregnant, possibly pregnant, or trying to become pregnant, surgery, anesthetics, or any other medication may significantly harm your developing baby, especially during the first trimester. Please advise your doctor if there is any chance of your being pregnant! **INITIALS:** _____

**I UNDERSTAND THE IMPORTANCE OF A TRUTHFUL HEALTH HISTORY
TO ASSIST THE DOCTOR IN PROVIDING THE SAFEST CARE POSSIBLE.**

Signature of Person Completing Health History: _____ Doctor's Initials: _____
